KAYAT SRX-CUF SINGLE ROLL BUNDLER FOR UNSUPPORTED PRODUCT

Bundle loose product in a robust, easy to maintain machine.

The SRX-CUF tackles the growing demand from both retailers and consumers for bundled loose products, like bottles, cans, and jars. These products can be configured in a variety of patterns.

Designed to handle a wide variety of packaged food and beverage products, the SRX-CUF uses a single roll of clear or printed film with speeds up to 60 cycles per minute. The SRX series has a robust, industrial design while providing easy access for operation and maintenance.

FEATURES AND BENEFITS

- **Toolless Adjustable Wrap Bar Assembly** - Easily adjust wrap zone for package height with no change parts
- **Easy Maintenance Access** - Film feed and cut assembly slides out for easy maintenance
- **Uses Clear or Print Registered Film**
- **State-of-the-Art Air Flow Control** - Easily adjust air flow to create the most appealing appearance on the end product
- **Dual Roll Film Mandrels with Manual Splice** - Minimizes roll to roll changeover time
- **User Friendly Allen-Bradley Controls Package** - Includes predictive maintenance flags for common wear parts

KAYAT SRX-CUF SINGLE ROLL SHRINK BUNDLER
